LYUBOV KAY FULL BAND + SAX

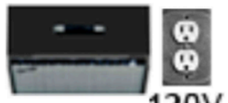

BASS

Sax mic

Lyubov Kay -- Stage Plot & Input List

I'll be bringing a live rig which includes all the DI boxes I need, as well as a mixer (for our in-ear systems), mic splitters, and a 10 channel fan snake which goes to front of house.

- 1/2: (Stereo) Guitar
- 3/4: Backing tracks
- 5/6: (Stereo) Keys
- Mic: (Mono) Lead Vocals
- Bass: (Mono) Bass Guitar
- Sax (Mono) Sax

If the drumkit needs to be mic'd up we'll have to bypass rig and connect it directly to venue's mixer.

P.S. The snake is 7 ft. long.We would need a stage box please if the FOH mixer is farther than that
